(54) Title: METHOD FOR RENDERING TWO OUTPUT FORMATS SIMULTANEOUSLY

(57) Abstract: A method for rendering input data simultaneously into output data (10) in a first output format and in a second output format, the method including: a) defining a plurality of bands (11-14) constituting the output data (10); and b) for each specific band (11-14) out of the plurality of bands (11-14): i) generating by a renderer from the input data first output data for the specific band (11-14) in the first output format, ii) and generating, from the first output data, second output data for the specific band (11-14) in the second output format.

# INTERNATIONAL SEARCH REPORT

International Application No

PCT/EP 03/50035

**A. CLASSIFICATION OF SUBJECT MATTER**  
IPC 7 G06K15/00 G06K15/12

According to International Patent Classification (IPC) or to both national classification and IPC

**B. FIELDS SEARCHED**

Minimum documentation searched (classification system followed by classification symbols)

IPC 7 B41B G06K

Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched

Electronic data base consulted during the international search (name of data base and, where practical, search terms used)

EPO-Internal, WPI Data, PAJ

**C. DOCUMENTS CONSIDERED TO BE RELEVANT**

| Category * | Citation of document, with indication, where appropriate, of the relevant passages  | Relevant to claim No. |

☐ Further documents are listed in the continuation of box C.

☒ Patent family members are listed in annex.

\* Special categories of cited documents :

- \*A\* document defining the general state of the art which is not considered to be of particular relevance
- \*E\* earlier document but published on or after the international filing date
- \*L\* document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)
- \*O\* document referring to an oral disclosure, use, exhibition or other means
- \*P\* document published prior to the international filing date but later than the priority date claimed

- \*T\* later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention
- \*X\* document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone
- \*Y\* document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art.
- \*&\* document member of the same patent family

Date of the actual completion of the international search

25 September 2003

Date of mailing of the international search report
